Mychef QUICK 1T High Speed Oven

Features

- The Mychef QUICK high speed oven will always achieve perfect and high-quality results, thanks to the new technology and the robust, compact, and easy to use design
- Compact and stackable design - perfect for bars, cafes, service stations, beach bars, food trucks, etc.
- AISI 304 stainless steel cooking chamber and casing
- Cooking up to 10 times faster than a conventional oven - High Speed technology combines 2 heating technologies:
    - 3D Impingement air distribution system - hot air outlet via the sides of the oven chamber, enveloping the food and raising its temperature ultra-fast, generating cooking in record time
    - Convection (temperature settings from 100°C to 275°C in 1°C steps)
- Plug & play for quick service start-up
- Customizable and user-friendly 6.8" customizable touch screen
- Storage of up to 1024 recipes with one phase per cooking program and user instructions for each phase
- USB connection for data transfer
- Temperature indicators: preheating, ready to use, cooling
- Multicook - simultaneous cooking system
- CoolDown - interior cooking cavity cooling program (before removing for cleaning)
- Removable cavity, easy to clean, with large, rounded edges - can be cleaned in the dishwasher
- Mychef liquid oven detergent and Mychef high speed oven protection liquid to be used during cleaning operation
- Wi-Fi connectivity (under development)
- Easy access air filter
- No training required
- Accessories included:
    - Flat cooking plate
    - Protected shovel with full-size support sidewalls
    - Solid base basket: full size
    - Non-stick coating for cook plate

- Optional:
    - Internal catalytic converter kit (removes the need for external extraction)
    - Stacking kit
    - Accessories
        - Flat or ribbed cooking plates
        - Solid base fry baskets - full, half and quarter sizes
        - Mesh fry baskets - full, half and quarter sizes
        - Protected shovels, spatula, handle/gripper
    - Exterior in different colours: beige, black or red

Technical Specifications
